Re: Notification of Potential Breach Involving Personal Information of ShopRite of Kingston, NY Customers

Dear [Redacted]:

As a valued customer of the pharmacy located in the ShopRite of Kingston, New York, we are writing to make you aware of a data security incident involving your personal information that came to our attention on August 19, 2017. Although we have no reason to believe that your personal information has been accessed or misused in any way, we are writing to make you aware of the incident so that you may take any necessary precautions.

Our records indicate that you had a prescription filled at the pharmacy at the ShopRite of Kingston store between 2005 and 2015. During your transaction, you signed a device that captured your signature confirming your acknowledgement of our privacy policy and payment by your insurance provider (if applicable). It was recently discovered that this device was inadvertently disposed of in February 2016.

As part of our investigation, we can confirm that the personal information stored on this device included your name, phone number, date of birth, prescription number, medication name, date and time of pick-up or delivery, signature, and zip code. ***It is important to note that your social security number and debit and credit card information were not stored on this device.***

ShopRite takes the protection of your personal and medical information very seriously. We regularly review our systems and privacy and security practices to enhance those protections. In response to this incident, ShopRite is taking steps to prevent recurrence of similar incidents. We are providing supplemental privacy and security training for pharmacy staff and strengthening our security policies relating to the appropriate removal of data from, and disposal of, computers and devices.

We sincerely regret any inconvenience or concern caused by this incident. Although we are not aware that your information has been compromised and the risk of potential exposure is low, we want to make you aware of resources you may access to help safeguard your personal information. We have included additional information on identity protection and fraud prevention following the signature line of this letter.

If you have questions or concerns about this incident, please contact customer care at **1-800-954-5210**, Monday-Friday 9 a.m. to 5 p.m. EST or visit <http://facts.wakefern.com>

Very truly yours,

Brett Wing

## **Identity Protection and Fraud Prevention Tips**

We recommend that you consider taking steps to protect yourself from medical identity theft. Medical identity theft occurs when someone uses an individual's name, and sometimes other identifying information, without the individual's knowledge to obtain medical services or products, or to fraudulently bill for medical services that have not been provided. We suggest that you regularly review the explanation of benefits statements that you receive from your health plan. If you see any service that you did not receive, contact the health plan at the number on the statement.

Additionally, we recommend that you monitor your financial accounts and, if you see any unauthorized activity, promptly contact your financial institution. You may also want to consider obtaining a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), calling 1-877-322-8228, or by completing an Annual Credit Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at [www.annualcreditreport.com/manualRequestForm.action](http://www.annualcreditreport.com/manualRequestForm.action).

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies listed below:

**Equifax**

[www.transunion.com](http://www.transunion.com)  
P.O. Box 2000  
Chester, PA 19016

You may also choose to contact the three national credit reporting agencies listed above for information about placing a "fraud alert" and/or a "security freeze" on your credit report to further detect any possible misuse of your personal information. Contact the Federal Trade Commission for additional information about "fraud alerts" and "security freezes," and about how to monitor and protect your credit and finances.
