RE: NOTICE OF DATA BREACH

Dear [REDACTED]:

OnePoint Patient Care values and respects the privacy of your information, which is why we are writing to advise you of an incident that may have involved some of your personal information. **While we have no reason to believe that your information has been misused for the purpose of committing fraud or identity theft**, we are writing in accordance with relevant law to advise you about the incident and to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

What Happened? On August 8, 2024, we detected suspicious activity on our computer network. Upon identifying the issue, we promptly initiated an internal investigation, took steps to contain the incident, and engaged a forensic security firm to further investigate. On August 15, 2024, we learned that an unauthorized third party acquired some information from our network between August 6 and August 8, 2024.

What Information Was Involved? We have been reviewing the files at issue and recently determined that they contain some patients' personal information, including your name, address, residence information, medical record number, diagnosis, Social Security number and prescription information. While we are uncertain that your personal information was obtained, out of an abundance of caution, are notifying you of that potential.

What We Are Doing. In addition to the actions described above, we worked with the forensic firm to confirm the ongoing security of our computer systems. We also notified law enforcement and are cooperating with its investigation. Although we are not aware of any instances of fraud or identity theft involving your information, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.**

What You Can Do. While we have no evidence that your personal information has been or will be misused, we encourage you to take advantage of the complimentary credit monitoring included in this letter. You can also find more information on steps to protect yourself against possible identity theft or fraud in the enclosed *Additional Important Information* sheet.

For More Information. We value the trust you place in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience or concern this incident might cause. For further information and assistance, please call [REDACTED] from 7 a.m. – 7 p.m. Mountain Time, Monday through Friday.

Sincerely,

OnePoint Patient Care

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: By law, you may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies. The three national credit reporting agencies have also agreed to provide free weekly online credit reports. You can obtain your free credit report by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>. Alternatively, you may elect to purchase a copy of your credit report by contacting the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries is as follows:

Equifax

Fraud Alerts: By law, you have the right to place a fraud alert on your credit report if you believe you have been, or are about to become, a victim of fraud or related crime. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com/protectYourIdentity.action.

Credit and Security Freezes: By law, you have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax Security Freeze
