Subject: Notice of Data <<Variable Header: Security Incident/ Breach>>

Dear <<First Name>> <<Last Name>>:

We are writing to inform you of a cybersecurity incident that may have affected your personal information. The University of Phoenix, Inc. (“University of Phoenix”) takes the privacy and security of all information within its possession very seriously. Please read this letter carefully as it contains information regarding the incident and steps you can take to help protect your personal information.

What Happened. On November 21, 2025, we learned that an Oracle E-Business Suite (“Oracle EBS”) software vulnerability may have resulted in a cybersecurity incident. Upon detecting the incident we promptly took steps to investigate and respond with the assistance of leading third-party cybersecurity firms. We determined that, like many other organizations, including other colleges and universities, an unauthorized third-party exploited a previously unknown software vulnerability in Oracle EBS to exfiltrate certain data from within the University’s Oracle EBS environment. This occurred between August 13 and 22, 2025.

What Information Was Involved. The information may have included your name and <<impacted data elements, e.g., Social Security number>>.

What We Are Doing. As soon as we discovered this incident, we took the steps described above. We also notified law enforcement and will continue to assist them in their investigation. We also implemented measures to enhance security and minimize the risk of a similar incident occurring in the future. We are also offering you complimentary identity protection services through IDX, a leader in consumer identity protection. These services include <<Membership Offering Length: 12/24>> months of credit monitoring, dark web monitoring, a \$1 million identity fraud loss reimbursement policy, and fully managed identity theft recovery services. The deadline to enroll in these services is March 22, 2026.

What You Can Do. You can follow the recommendations on the following page to help protect your personal information. You can also enroll in the complimentary services offered to you through IDX by calling 1-833-353-7866, going to <https://response.idx.us/uphoenix/>, or scanning the QR image and using the enrollment code provided above.

For More Information. Further information about how to protect your personal information appears on the following page. If you have questions or need assistance, please call 1-833-353-7866 Monday through Friday from 7:00 a.m. to 7:00 p.m. Mountain Time, excluding holidays.

We take your trust in us and this matter very seriously. Please accept our sincere apologies for any worry or inconvenience this may cause.

Sincerely,

A handwritten signature in black ink that reads "Chris Lynne". The signature is fluid and cursive, with "Chris" on the top line and "Lynne" on the bottom line.

Chris Lynne, President
University of Phoenix

Steps You Can Take to Help Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incident of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the “FTC”).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting www.annualcreditreport.com/, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax
P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian
P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion
P.O. Box 2000
Chester, PA 19016
1-833-799-5355
www.transunion.com/get-credit-report

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at www.annualcreditreport.com.

Security Freeze: You have the right to put a security freeze on your credit file at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
