## Steps You Can Take to Help Protect Your Personal Information

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the "FTC").

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com/](http://www.annualcreditreport.com/), calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

### Equifax

P.O. Box 105851  
Atlanta, GA 30348  
1-800-525-6285

### Experian

### TransUnion

Chester, PA 19016  
1-833-799-5355  
[www.transunion.com/get-credit-report](http://www.transunion.com/get-credit-report)

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com). For TransUnion: [www.transunion.com/fraud-alerts](http://www.transunion.com/fraud-alerts).

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement. For TransUnion: [www.transunion.com/credit-freeze](http://www.transunion.com/credit-freeze).

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.

## Steps You Can Take to Help Protect Your Child's Information

**Review Any Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant and review statements from your child's accounts closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the "FTC").

**Personal Information of a Minor:** You can request that each of the three national consumer reporting agencies perform a manual search for a minor's Social Security number to determine if there is an associated credit report. Copies of identifying information for the minor and parent/guardian may be required, including birth or adoption certificate, Social Security card, and government issued identification card. If a credit report exists, you should request a copy of the report and immediately report any fraudulent accounts to the consumer reporting agency. You can also report any misuse of a minor's information to the FTC at <https://www.identitytheft.gov/>. For more information about Child Identity Theft and instructions for requesting a manual Social Security number search, visit [www.consumer.ftc.gov/articles/0040-child-identity-theft](http://www.consumer.ftc.gov/articles/0040-child-identity-theft). Contact information for the three national credit reporting agencies is below.

**Security Freeze:** You may place a free credit freeze for minors under age 16. By placing a security freeze, someone who fraudulently acquires the minor's personal identifying information will not be able to use that information to open new accounts or borrow money in their name. You will need to contact the three national credit reporting bureaus listed below to place the freeze. Keep in mind that when you place the freeze, the minor will not be able to borrow money, obtain instant credit, or get a new credit card until the freeze is temporarily lifted or permanently removed. You must separately place a security freeze on the minor's credit file with each credit reporting agency. There is no charge to place, lift, or remove a security freeze on the minor's credit files. In order to place a security freeze, you may be required to provide the credit reporting agency with information that identifies you and/or the minor, including birth or adoption certificate, Social Security card, and government issued identification card.
