**Fiscal Year 2019–2020
Accountability Report**

SUBMISSION FORM

AGENCY MISSION	The Department of Consumer Affairs’ mission is to protect consumers from inequities in the marketplace through advocacy, mediation, enforcement and education.
-----------------------	--

AGENCY VISION	To protect consumers while giving due regard to those businesses acting in a fair and honest manner. The department will strive to be a CREDIT to our State by holding the following values as essential in our relationships and decision-making: C ompetence R espect E quality D edication I ntegrity T imeliness
----------------------	--

Does the agency have any major or minor recommendations (internal or external) that would allow the agency to operate more effectively and efficiently?

	Yes	No
RESTRUCTURING RECOMMENDATIONS:	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Is the agency in compliance with S.C. Code Ann. § 2-1-230, which requires submission of certain reports to the Legislative Services Agency for publication online and to the State Library? See also S.C. Code Ann. § 60-2-30.

	Yes	No
REPORT SUBMISSION COMPLIANCE:	<input checked="" type="checkbox"/>	<input type="checkbox"/>

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

RECORDS MANAGEMENT COMPLIANCE:	Yes	No
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

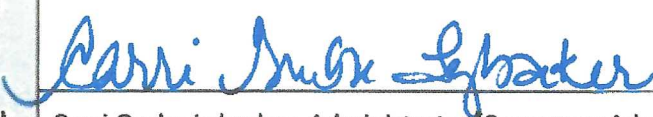

Is the agency in compliance with S.C. Code Ann. § 1-23-120(J), which requires an agency to conduct a formal review of its regulations every five years?

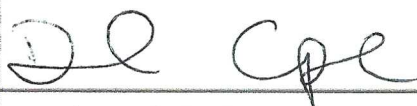

REGULATION REVIEW:	Yes	No
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Please identify your agency's preferred contacts for this year's accountability report.

AGENCY’S DISCUSSION AND ANALYSIS

I. DCA Background

The South Carolina Department of Consumer Affairs (“DCA”/ “Department”) is the state’s consumer protection agency. Established in 1974, DCA has over **forty-five years** of experience in protecting South Carolina consumers while recognizing those businesses that act honestly and fairly. The General Assembly has charged the DCA with administering, interpreting and enforcing over one hundred twenty statutes, including the S.C. Consumer Protection Code. Our mission is to protect consumers from inequities in the marketplace through advocacy, mediation, enforcement and education.

The department accomplishes its mission by: 1.) acting as an effective regulator, 2.) providing complaint mediation services that are unmatched at both state and federal levels, 3.) saving millions for both consumers and small businesses through rate filing intervention, 4.) serving as an educational portal for consumers and businesses alike, and 5) informing the public on effective ways of preventing and mitigating identity theft situations. Governed by the Commission on Consumer Affairs, DCA is organized into six divisions: Administration, Consumer Services, Advocacy, Public Information and Education, Legal Division and the Identity Theft Unit.

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

The **Consumer Services Division** processes and mediates written consumer complaints, seeking to find equitable solutions for the consumer and the business, including refunds, adjustments and credits to consumer accounts. Staff takes consumer complaints against businesses regulated by the DCA, refers complaints that fall within another agency’s jurisdiction, and mediates those complaints against businesses that are unregulated or where an issue is unregulated. The Division provides SC taxpayers with a readily available, experienced, and cost-effective mediation service.

The **Advocacy Division** provides legal representation for the consumer interest in matters involving property and casualty insurance, worker's compensation insurance and utilities. As the state agency designated to represent the interests of consumers, the Advocacy Division aims to ensure that increases in rates are justified, working to avoid excessive, inadequate or unwarranted rate increases. When needed, an action is filed and the Division submits evidence in hearings that demonstrate the rate request is not justified and often results in adjudications or settlements that generate savings for consumers and businesses alike. The division also reviews rules and regulations proposed by state and federal agencies pertaining to ratemaking or consumer products, goods and services and provides comments as deemed appropriate.

The **Public Information and Education Division** serves as the main consumer education portal for consumers, business and the media. The Division informs consumers and businesses on their rights and responsibilities in the marketplace through traditional and alternative media distribution, including social media, presentations, media coverage and publications. Education is a central part of SCDCA’s mission. Cultivating a marketplace comprised of well-informed consumers and businesses prevents deceptive and unfair business practices, allows legitimate business activity to flourish, resulting in the promotion of competition and a healthier economy.

The **Legal Division** performs the agency’s licensing, administration and enforcement duties related to the majority of the 120 laws under the agency’s jurisdiction. The General Assembly charged the DCA with advising the Legislature and Governor on consumer issues and the state of credit in this State; administering, interpreting and enforcing the S.C. Consumer Protection Code and licensing, registering, or otherwise regulating fifteen industries, including mortgage brokers, pawnbrokers, physical fitness centers, motor clubs, credit counseling organizations, prepaid legal services, athlete agents, the sale of preneed funeral contracts, registered consumer credit grantor, maximum rate filing and motor vehicle disclosure programs. The division also handles administration and enforcement of state identity theft-related laws, including receipt of security breach notices to ensure reporting and notification requirements are met.

Established in 2013, the **Identity Theft Unit** provides education and outreach to South Carolina consumers across the state to increase public awareness and knowledge about what identity theft is, the steps consumers can take to protect themselves, and what consumers should do in the event of identity theft. For consumers who are identity theft victims, the Unit provides ongoing guidance throughout the process of mitigating and resolving their particular identity theft situation(s). The Unit also takes scam reports and calls as the main component is often to separate consumers from their money or personal information.

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

All of DCA’s functions are supported by the agency’s **Administration Division**. All support and planning services critical to the operation of the agency are housed in Administration, including procurement, human resources, accounting and information technology. The Administrator position, appointed by the Commission on Consumer Affairs to administer Title 37 among other statutes and manage the day to day operations of the agency, is located in this Division.

II. Challenges Affecting Performance

A. COVID-19 Public Health Emergency

No one could have anticipated the pandemic facing our state, nation and world and its correlating impact on agency operations. Our staff has maintained a spirit adaptability and teamwork as the pandemic’s evolving nature has caused us to pivot on numerous occasions in our effort to continue operations while prioritizing the health and safety of our team. The performance measurements most impacted by COVID-19 are those where travel or enforcement are concerned. As an example, our investigators halted on site compliance reviews in Q4 of FY20. We switched to desk reviews, however time to setup the process and coordinate with businesses negatively impacted the overall number of reviews completed. Further, the department halted implementation of fines during the last quarter as well. We also noticed a decrease in the willingness of businesses to offer consumer refunds resulting from complaints during this time. Some impacts seen thus far will likely continue into FY21 and be reflected in performance measurements for that fiscal year.

B. Employee Retention/ Knowledge Gaps

Since FY15, DCA has been adjusting to unprecedented staff turnover. Previously an agency with historically above par staff retention rates, an average of 10-15% percent of staff have exited each fiscal year. The combination of losing an enormous amount of institutional knowledge and the challenge of retaining newly hired staff have strained the department’s ability to meet certain set goals.

With the 2016 Classification and Compensation Study as our guide, the department secured monies for pay increases for FY17. Since that time, we have incrementally made additional increases through internal restructuring measures. The move towards paying staff at a level at least equal to their state employee counterparts is certainly a step in the right direction; however, the agency still realized turnover of 15% in FY20. The results of having vacancies occur, and the time needed to fill the vacancies and train new staff, can lead to underperformance. Further, the learning curve of newly hired staff contributes as well. This is especially apparent in positions with responsibilities of administering and enforcing some of the one hundred plus laws under DCA’s jurisdiction such as attorneys, investigators and paralegals. Thirty-three percent of our vacancies in FY20 were in attorney and investigator positions.

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

C. Internal Restructuring Efforts

During the past five fiscal years, the department has engaged in various internal restructuring efforts in the wake of implementing new technologies and higher than historical turnover. The department’s new backend licensing database with online deployment capabilities, is being developed slower than anticipated. With an initial deployment target of FY17, the database is now slated for completion in fiscal year 2021, approximately a year later than expected at this time last year. Once deployed, additional restructuring within the Legal Division will include a re-envisioning of job duties to add a compliance review focus for those with licensing processing duties. The department also engaged in unplanned internal restructuring during FY20 resulting from employee turnover. Division Directors were thoughtful as vacancies arose in determining the best fit to fill talent gaps and aligned job duties with the strengths of staff filling the positions.

The overall restructuring engaged in thus far has created the need for new policies, procedures and training. As each phase is implemented, Deputies and Directors assess performance factors and adjust practices as necessary. This process is time consuming and may lead to a decreased ability to meet established goals.

D. Public Awareness of DCA

DCA faces a continuing challenge of ensuring public awareness of the agency and its services/ roles. Ensuring businesses are aware of the filings and legal requirements of the State can be a difficult task, especially as the core regulatory programs administered by the agency touch several broad industry types. (ie: credit sales, consumer loans). General citizen knowledge can be limited as well as most consumers do not have the need to contact the agency on a recurring basis. Usually issues arise that are time sensitive and occur infrequently, such as purchasing a home or having a complaint against a business. Further, certain events, such as large security breaches and natural disasters, result in increased awareness of, and reliance on, DCA. These occurrences, however, are not predictable and can result in temporary inflation of communication/ engagement measures.

The department continues to actively seek out partnerships to leverage resources in educational outreach initiatives. Cost-effective social media campaigns were utilized in FY20 with success and will likely continue in the future. Technology is also being leveraged to create compelling infographics and data easily used to supplement department press releases and website content, with a goal of increasing media pickup, thus wider dissemination to the public. Outreach planning and increased efforts in coordination amongst Divisions has also proved beneficial. Accountability, progress report and individual staff evaluation measurements are being crafted to encourage growth in awareness of DCA.

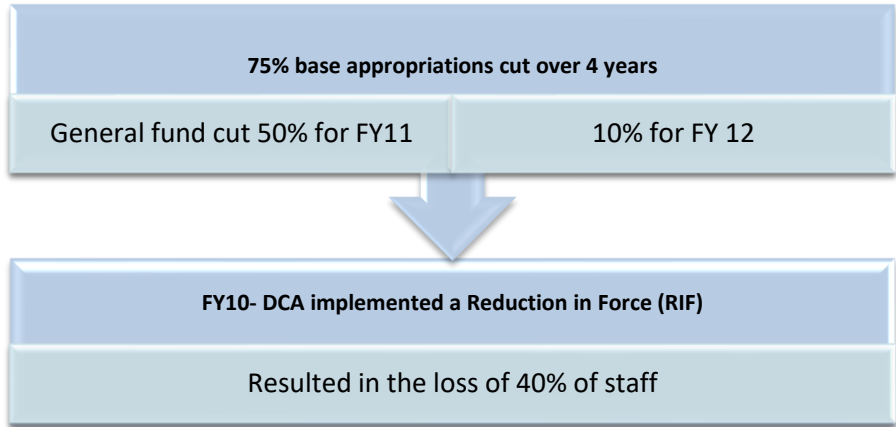

E. Budget

Approximately sixty percent of the department’s budget in FY20 came from other funds. The financial condition of the industries regulated directly affects the number of filings received and processed, thus revenue collected. A decrease in this funding source and/or general fund budgetary

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

restraints can result in decreased resources, including overall agency funding, human capital and technological enhancements. Such a perfect storm of both funds being depleted occurred from FY09-12 with the department receiving a \$1.6 million base appropriations cut and the industries regulated by the department sharply declining.

These budgetary constraints contributed to the agency's inability to hire needed staff, retain qualified personnel or appropriately compensate those whose job responsibilities had grown and who continued to provide superior service. After the implementation of a reduction in force in FY10, DCA went from 68 filled FTE positions to a low of 27 filled FTEs in 2011. The department currently has 44 FTE positions.

The department has seen great improvement on budgetary fronts, however the impact of such devastating cuts is still apparent in the area of staff salaries. Further, additional responsibilities imposed by the Legislature have not been received with corresponding budget increases. The unpredictability of the health of industries regulated and DCA's inability to adjust licensing fees on its own authority, a power given other agencies in the regulation of non-depository financial institutions, also presents the potential for budget to remain a challenge.

III. Risk Assessment and Mitigation Strategies

If DCA was unable to accomplish its mission, the potential most negative impact on the public is an unregulated credit marketplace, hindering competition and resulting in consumers who are uneducated, unable to protect themselves from unscrupulous businesses and unable to obtain credit at reasonable costs. Processing of licenses would be delayed, preventing businesses from entering the marketplace. At this point, the department is pleased with FY20 results in view of the multi-year term for many projects in process and agency challenges. Should the need for assistance arise, the General Assembly could prevent a crisis through provision of appropriate funding for DCA operations and/ or the ability for DCA to establish and adjust filing fees to coincide with fiscal year budget needs; provide appropriate FTE allocation; and access to technology resources.

IV. Restructuring Recommendations

Internal Restructuring: As stated in section IIB above, the department initiated an internal restructuring effort in FY15 the completion being dependent on the full implementation of the agency's online licensing database. DCA anticipates all regulatory programs being live on the system by March 1, 2021.

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

Law Changes: DCA currently has responsibility to enforce the dispensing of cosmetic contact lenses, S.C. Code Ann. Section 37-25-70. We do not generally regulate the entities that sell these items, thus enforcement is based solely upon complaints received. The department's position is the statute is better suited elsewhere and requests it be moved to a more appropriate regulator.

V. FY20 Overview

Overall, the agency's outcome of credits, refunds and adjustments for FY20 through efforts in complaint mediation, enforcement and intervention in rate filings exceeded \$2.961 million. This amount fluctuates from year to year due to the unpredictability in forecasting results of enforcement actions and complaint resolutions due to the varied complexity of matters brought before the department. Last year, results from resolving complaints falling within DCA's jurisdiction constituted the majority of the measurement. In FY20, our newly restored ability to intervene in utility rate filings created the largest portion (\$1.7 million). A decrease in consumer refunds stemming from enforcement efforts were impacted due to COVID and the department's corresponding stay. Prior thereto, however, the agency did engage in its first two joint complaints in Federal Court with the Consumer Financial Protection Bureau against certain companies and individuals who targeted veteran pensions in a nationwide illegal loan scheme. Overall, FY20 enforcement actions exceeded those of FY19 despite the COVID interruption.

COVID did not impact DCA's regulated industries as the agency received approximately 27,000 filings and applications submitted by non-depository financial institutions and other regulated industries in FY20, a 1.6% increase over the year prior. While COVID impacted staff's ability to process applications at the rate of the prior year, falling 6% below the target, high user adoption of our online licensing system (CALAS) exceeded expectations for the third year in a row. For the programs with online filing capabilities, 87% were made through CALAS, a 2% increase from FY19 and a 9% increase over FY18. The percentage of applicants submitting payments online also exceeded our 70% goal, with 74% using the system to its fullest. High adoption of the online payment capabilities decreases user error, increases compliance with State deposit laws and overall contributes to the repeated stellar Audit Reports the department receives from the State Auditors Office. The department anticipates processing measurements to be met or maintained once our online licensing system is fully implemented. Due to initial set-up delays, the need for unanticipated program changes and COVID; however, we did not meet our FY20 system completion goal and 73% of DCA's programs were launched on CALAS at fiscal year's end. The extended timeframe for completion is now set for March 1, 2021.

Technology also assisted DCA in reaching or exceeding goals and performance measures related to voluntary complaint mediation activities even when telecommuting was implemented for all staff. Consumers submitted 74% of the 3,400 complaints filed with the agency via our Online Complaint System. The Consumer Services Division team was able to shave one day off the complaint processing timeframe, bringing it to 31 days. The voluntary mediation process resulted in consumer credits, refunds and adjustments of \$454,000, a 45% return on investment for the division.

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

On the agency outreach front, DCA continued to create compelling, timely and relevant content to promote the activities of the agency and educate business and consumers on their respective rights and responsibilities in the consumer credit marketplace. The agency more than doubled the number of presentations given statewide in FY20 (183). The department has engaged in an outreach plan leveraging knowledge of various divisions to increase public awareness and knowledge of areas under DCA’s jurisdiction. New policies and procedures and accountability and individual performance goals coupled with customer service surveys launching in FY21 will assist in this effort. FY20 also brought an increase in the percentage of press releases picked-up by the media (93%), a two percent increase over FY19, and six percent increase over FY18. The department issued six more press releases in FY20 over FY19, mainly due to the agency’s involvement in utility rate intervention.

The department actively participated in many matters before the Public Service Commission (PSC) from 1978 until the responsibility to intervene in utility rate filings was removed by 2004 Act No. 175. Act 258 of 2018 effective July 12, 2018 restored this role to the department. After engaging in numerous trainings, meeting with interested parties, vetting experts and securing an additional FTE for FY20, the Advocacy Division was ready to represent the consumer interest before the PSC again. During FY20, we intervened in three dockets: Blue Granite Water Company rate application, Palmetto Utilities, Inc. rate application and the Privacy Rulemaking. The Blue Granite hearing concluded during FY20 and resulted in the PSC adopting DCA’s return on equity recommendation, ultimately saving consumers approximately **\$1.7 million annually**.

During FY20, DCA continued its implementation of Project Vector, an internal review of data collected by the agency. The recent focus of the Project has been on how the agency data is being entered and stored. The review resulted in IT, Call Tracking Log and Security Breach databases being created. The agency also identified four forms to be transformed via the SC.Gov platform “App Engine.” Once implemented, agency customers will more easily be able to submit the designated forms and staff data entry will be reduced. Current databases were also reviewed for improvements, resulting in several changes and implementation of Complaint System updates. These projects will continue into FY21, with a focus on automation of processes specifically related to monthly and annual reports/ data points.

As stated above and in previous years, several projects initiated are organized in phases, with completion not anticipated in a single fiscal year. During this process, DCA will continue to evaluate goals, strategies and measurements to ensure an accurate picture of agency productivity.

VI. *FY21 Measurement Adjustments*

DCA continues to re-envision measurements annually to ensure a more accurate reflection of DCA’s overall productivity and impact on its customers. We cull data in agency systems and metrics available through platforms used by the agency to determine the best potential measures, including the associated targets, as well. We also took the Agency Metric Feedback into consideration when revising the agency’s FY21 measures and targets, including:

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

- Deleting the current 1.3.4 regarding legislative outcome per metric feedback. Added Return on Investment for Advocacy division. Also, revised 1.1.3 and 1.2.4 to present and calculate division returns in same manner.
- Added 2.1.4 regarding State Auditor’s review of agency operations related to processing revenue & disbursements. Covers both technology implementation and agency compliance with accounting rules.
- Deleting the FY20 3.1.2 average presentation attendee measurement and replacing with Maintain a cold call presentation booking rate of at least 10%. As a part of agency revised outreach plan, and in response to COVID, establishing a cold call program to book presentations/ webinars is being rolled out in FY21.
- Increasing measure 3.2.1, number of media appearances to 700. DCA has gained better analytics and made internal efforts for release of compelling content leading to the increase.
- Rewording 3.3.1 (Facebook engagement) and 3.3.2 (Twitter reach) to clarify the measurements for consumers as mentioned in metric feedback. Also revised measures to an average monthly goal as DCA’s social media strategy is stabilizing.

Do you have any employees who manually enter data?

» Yes

How many employees manually enter data as part of their regular duties (either weekly or seasonally)?

» 20-50 employees

Of the employees who manually enter data, approximately what percentage of their time is spent on this task each year?

	How many employees spend this much time entering data?	Average salary for these employees
75% or more	3	\$38,333
50-74%	3	\$34,333
25-49%	8	\$38,750
10-24%	12	\$45,417
Less than 10%	13	49,462

Where does the data that is manually entered come from?

- » Another state agency (South Carolina)
- » A state agency from another state
- » Members of the public
- » Other websites, reports, agency employees (productivity/output)

If the data is not accurate, what is the potential impact?

Complaint Information: if not accurate, then causes great delays, inaccurate case files, improper preparation for enforcement actions. Incorrect data on public reports. Progress Report Tracking Information: failures cause improper allocation of resources, improper reporting to superiors and Commission. Financial Information: vendors will not be paid timely and the agency financials would be incorrect, affecting payments and budget. Incorrect data on public reports. Licensing Information: duplicate license numbers, incorrect licensee names and contact information, and incorrect number of total licensed entities. Incorrect data on public reports. Complaint/Scam Information: Inaccurate data entry would impact the data that is sent to a business or a consumer for review. Incorrect data could lead to information being submitted to the wrong party. It could also impact the data that we share with other agencies related to the number and types of complaints as well as the resolution of this issues. In our Identity Theft department inaccurate data entry could impact the information that we provide to the consumer as it relates to educational material for mitigating the impacts of identity theft and scams. In regards to the Homeowner association data, it could affect the information that we share with the General Assembly in our yearly reports. It could also have impact as it relates to FOIA request for each of these areas that fall under FOIA requirements.
